PREFACE.

WE herewith present the Ninth issue of the CHICAGO BLUE BOOK. We wish to thank our lady patrons for the appreciation they have shown our efforts, and trust that this volume will retain the high place in their favor, which we have won, and will endeavor to hold.

Neither time nor money have been spared to make the work as complete and valuable as possible. The difficulty however attending the compiling of such a book can be easily appreciated; and we therefore trust that any omissions will be brought to our notice, that they may be corrected in future. We keep the entire work standing in type, that such corrections can be made promptly; and in this way we hope to make the Chicago Blue Book as nearly perfect as it is possible to make such a volume.

The title, "BLUE BOOK," is simply a name given the work on account of its *blue* cover. It does not refer to blue blood, as many people suppose. Webster's definition of Blue Book is as follows: "BLUE BOOK—A parliamentary publication, so called from its blue paper cover, such being commonly used; *also, a book containing a list of fashionable addresses.*"

We do not claim the BLUE BOOK to be either a City Directory or absolutely an Elite Directory; neither do we pretend to pass upon the social or financial standing of the parties whose names are contained therein. It is simply a compilation of thirty thousand names of the most prominent householders of Chicago, and suburbs within a radius of thirty miles, published in the most convenient form for reference by our lady patrons.

While retaining all the old features, such as Calling Days in the Street List, and Summer Residences in Alphabetical List, we have added very materially to our Miscellaneous Information, Club Lists, Churches, etc.

We shall always be pleased to receive any suggestions from our lady patrons whereby we can enhance the value of this work to them, or any

information regarding Social or Literary Clubs and Associations, which we have not already incorporated in our volume. The data of this work have not been compiled from circulars or information out of other Directories, but experienced men, particularly adapted for such work, have been assigned to each locality, and the greatest care has been used in selecting these names. In order to issue the book before the Holidays, it is necessary for us to commence our canvass early in September. We would therefore deem it a great favor if those absent from their homes after October 1st would send us the information which they wish inserted, as it is not safe to take it from servants, or anyone except the parties interested.

The diagram is a semi-circular seating chart for the Metropolitan Opera House. At the bottom center is the 'ORCHESTRA PIT'. Above it is the 'PARQUET' section, which is divided into sections A, B, C, D, and E. The rest of the chart is divided into sections labeled K, L, M, N, O, P, Q, R, S, and T. Each section contains rows of seats, numbered 1 through 30. The chart is detailed with lines indicating the boundaries between sections and rows, and small squares representing individual seats. The overall shape is a semi-circle with a flat bottom where the Orchestra Pit is located.
